BioAsia 2027

BEYOND BOUNDARIES

CO-CREATE • COLLABORATE • INNOVATE

HOSTED BY

15–17 February 2027

Hyderabad, Telangana, India

24th Edition of Asia's Largest Life Sciences & HealthTech Convention

For over 23 years, BioAsia, hosted by the Government of Telangana, has been one of Asia's premier life sciences and healthcare platforms. It brings together global industry leaders, innovators, researchers, investors, startups, and policymakers to accelerate innovation, forge strategic partnerships, influence policy, and unlock new opportunities across the life sciences ecosystem.

23+ Years of Legacy	**50+** Countries Represented	**30,000+** Business Meetings	**275+** MoUs & Bilateral Agreements
US$3 Billion+ Trade & Investment Facilitated	**1,500+** Global Delegates at BioAsia 2026	**4,500+** Overall Participants at BioAsia 2026	**162+** Exhibitors at BioAsia 2026

Hyderabad

India's Life Sciences Capital

Hyderabad is one of the world's fastest-growing life sciences destinations, bringing together research, innovation, manufacturing, global capability centers, startups, and commercialization within a single integrated ecosystem.

2,000+
Life Sciences Companies

40%
of India's Pharmaceutical Exports

1/3
of India's Vaccine Production

269+
USFDA-Approved Manufacturing Sites

8 of the Top 10
Global Pharma Companies have GCCs in Hyderabad

20+
Life Sciences & MedTech Incubators

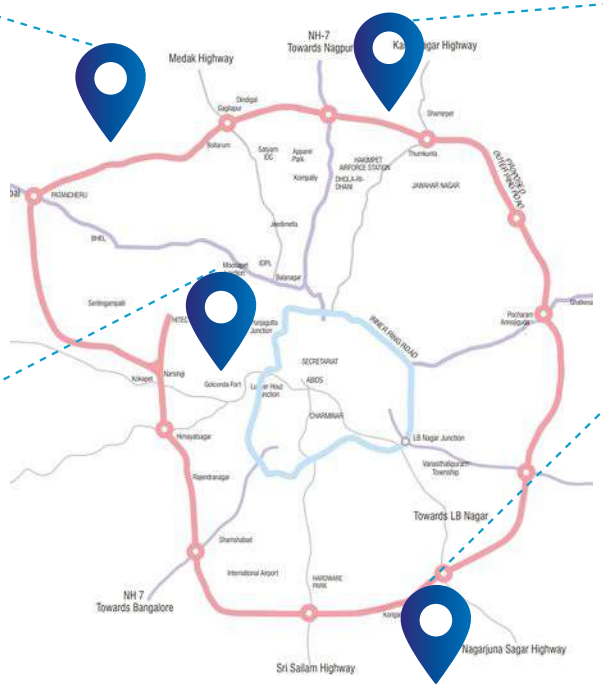

Integrated Cluster Ecosystem

Medical Devices Park

India's largest 302-acre hub for medical device manufacturing and R&D, offering plug-and-play infrastructure for design, testing, and seamless scale-up.

Genome Valley

India's 1st organised life sciences R&D and clean manufacturing cluster, hosting over 250 companies from 18 countries, including leading WHO prequalified vaccine manufacturers serving global markets.

Hyderabad's GCC Hub

With 40+ life sciences and healthcare GCCs, Hyderabad offers an integrated ecosystem spanning R&D, digital health, clinical-trial operations, analytics, and global supply chains.

Green Pharma City

A world-class, sustainable pharma cluster, combining advanced infrastructure, green practices, and strong connectivity for a future-ready "Work–Live–Learn–Play" ecosystem.

The Telangana Advantage

Six reasons the world's leading life sciences organizations choose Telangana.

Next-Gen Life Sciences Policy 2026–2030

A future-focused policy accelerating the transition from **volume to value**, advancing frontier R&D, next-generation biomanufacturing, global innovation, high-value investments, and sustainable growth.

Innovation Engine

Powered by **1Bio, BTIC, AMR CoE**, and a strong network of incubators and research institutions, Telangana offers world-class infrastructure and collaborative platforms that accelerate innovation from scientific discovery to commercial success.

Regulatory Advantage

With **TG-iPASS**, Telangana has redefined ease of doing business through self-certification, single-window approvals, statutory timelines, and a transparent, investor-first regulatory framework that enables faster project execution.

Integrated Life Sciences Ecosystem

An end-to-end ecosystem spanning **Genome Valley, Medical Devices Park, Green Pharma City**, Global Capability Centers, research organizations, manufacturing, and digital health, supported by IT, logistics, engineering, packaging, and other industry enablers.

Talent & Global Capability

A vibrant talent ecosystem supported by leading universities, research institutions, and a highly skilled workforce, complemented by Global Capability Centers driving R&D, digital transformation, and global business operations.

Infrastructure & Global Connectivity

Modern infrastructure supported by the **Outer Ring Road (ORR)**, the upcoming **Regional Ring Road (RRR)**, seamless multimodal connectivity, and **Rajiv Gandhi International Airport**, ensuring efficient access to life sciences clusters and global markets.

From discovery and development to manufacturing, global operations, and commercialization, Telangana offers a complete ecosystem for the future of life sciences.

BioAsia 2027: Beyond Boundaries

The next era of life sciences will not be defined by a single industry, technology, or organization. It will be shaped by the **convergence of capabilities**. As pharmaceutical companies embrace AI and digital technologies, technology companies become healthcare innovators, academia and research institutions evolve into strategic innovation partners, investors back frontier technologies, and contract research, biomanufacturing, logistics, cold chain, packaging, engineering, and infrastructure become integral to accelerating innovation and delivering healthcare solutions at scale. BioAsia 2027 reflects this transformation by bringing together the complete life sciences ecosystem on a single platform, from global pharma leaders and pioneering startups to policymakers, investors, and the industry enablers who make innovation possible. Over three days of conferences, partnering, and exhibitions, it creates opportunities to co-create breakthrough solutions, collaborate across industries, and innovate for the future of global healthcare.

Pharma	Biotech	Vaccines & Biologics	Cell & Gene Therapy	Medical Devices
Diagnostics	CROs	CDMOs	Biomanufacturing	AI
Digital Health	HealthTech	GCCs	Advanced Manufacturing	Precision Medicine
Genomics	Academia	Research Institutions	Startups	Investors
Logistics	Cold Chain	Packaging	Engineering	Infrastructure & Real Estate

The Complete BioAsia Experience

BioAsia 2027 brings together every dimension of the life sciences ecosystem under one roof.

01 Conferences

02 International Trade Show

03 BioAsia Connect

04 Genome Valley Visit

05 Medical Devices Park Visit

06 Roundtables / Workshops

07 Startup Showcase

08 Keynote Session

09 CEO Conclave

10 Networking Reception

Global Leaders Who Have Shaped BioAsia

Mr. Bill Gates
Chairman
GATES FOUNDATION

Mr. Satya Nadella
Chairman & CEO
MICROSOFT

Dr. Vas Narasimhan
CEO
NOVARTIS

Mr. Robert A Bradway
Chairman & CEO
AMGEN

Dr. Chris Boerner
Board Chairman & CEO
BRISTOL MYERS SQUIBB

Mr. David A Ricks
Chairman & CEO
ELI LILLY AND COMPANY

Mr. Geoff Martha
Chairman & CEO
MEDTRONIC

Mr. Seth F. Berkley
Former CEO
GAVI

Dr. Richard Hatchett
CEO
CEPI

Mr. Alex Gorsky
Former CEO
JOHNSON & JOHNSON

Mr. Stefan Kaufmann
Former CEO
OLYMPUS

Prof. Gregg Semenza
Nobel Laureate
JOHNS HOPKINS OF MEDICINE

Dr. Stefan Miltenyi
Founder & President
MILTENYI BIOTEC

Global Organizations That Have Partnered with BioAsia

Roche · Novartis · sanofi · Bristol Myers Squibb · Lilly · MSD · AMGEN · Takeda · abbvie
Ferring Pharmaceuticals · Medtronic · Miltenyi Biotec · Lonza · Sartorius · ThermoFisher Scientific · Dr. Reddy's · Bharat Biotech · Aurobindo
Gland · Hetero · Laurus Labs · Sai · Natco · Biological E. Limited · Indian Immunologicals Limited · Granules · virchow
MSN · Syngene · aragen · Jubilant Biosys · Cohance · Piramal Health Sciences · CuraTeQ · Sptagir Laboratories

Deloitte. · EY · KPMG · pwc · BCG · OliverWyman · TCS Tata Consultancy Services · Tech Mahindra · aws
intel · epam · Tredence · Agilisium · Solix · Veeva · Citeline · Healthark · neovantage
RX Propellant · Koncepo · Garmin · DeepForrest · IKP · nasscom · Atal Incubation Centre Centre for Cellular & Molecular Biology · CE
t-hub · NXT OST FWD · Tamarind · K Raheja Corp

Flanders Investment & Trade · IDA Ireland · GREAT · Trade + Investment Queensland · Invest & Trade Western Australia · World Trade Center Shamshabad · Department for Promotion of Industry and Internal Trade
Ministry of Commerce and Industry · Department of Pharmaceuticals · Ministry of Science and Technology · birac · OPPI · FICCI · IVMA
FINN · Government of Karnataka · EDB Andhra Pradesh Economic Development Board · Gujarat State Biotechnology Mission · Department of Industries & Commerce

Showcasing the Complete Life Sciences Ecosystem

The **International Trade Show** at BioAsia 2027 brings together leading companies, innovators, startups, research institutions, and ecosystem partners from across the global life sciences value chain. Explore breakthrough technologies, discover new business opportunities, and connect with solution providers shaping the future of healthcare.

This Year, BioAsia Celebrates the Leaders Shaping the Future of Life Sciences and Healthcare

Celebrating the pioneers, innovators, and changemakers whose contributions are redefining the future of life sciences and healthcare.

BIOASIA YOUNG MINDS INNOVATION AWARD

Recognizing young innovators transforming the future through breakthrough ideas.

BIOASIA YOUNG SCIENTIST AWARD

Honouring outstanding scientific excellence and pioneering research.

GENOME VALLEY EXCELLENCE AWARD

Recognizing exceptional global contributions to the life sciences ecosystem.

BIOASIA LIFETIME ACHIEVEMENT AWARD

Celebrating a lifetime of leadership and impact in science, healthcare, and life sciences.

BIOASIA AI IN LIFE SCIENCES AWARD

Recognizing transformative applications of Artificial Intelligence in life sciences and healthcare.

BIOASIA STARTUP OF THE YEAR AWARD

Recognizing the startup redefining the future of healthcare and life sciences.

BIOASIA WOMEN IN LIFE SCIENCES AWARD

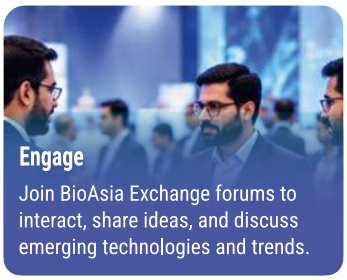

Celebrating women leaders driving innovation, research, and industry excellence.

What You Can Do at BioAsia 2027

Experience

Explore one of the world's most integrated life sciences ecosystems.

Engage

Join BioAsia Exchange forums to interact, share ideas, and discuss emerging technologies and trends.

Connect

Build strategic partnerships through dedicated networking opportunities and business meetings.

Discover

Explore innovations, startups, and real-world solutions shaping the future of life sciences and healthcare.

Learn

Gain insights from global leaders through keynote sessions, masterclasses, panels, and interactive discussions.

Showcase

Present your research, innovations, and success stories to a global audience of investors, partners, and industry leaders.

Be a Part of BioAsia

Elevate Your Brand

Partner with BioAsia through sponsorship opportunities and position your brand before a global audience.

Showcase Your Innovations

Exhibit your products, technologies, services, and solutions at the International Trade Show.

Lead the Conversation

Host a BioAsia Exchange Forum, Roundtable, or Workshop to engage directly with global industry leaders.

Launch Your Innovation

Unveil new products, technologies, and breakthrough innovations through the BioAsia Product Launchpad.

Attend as a Delegate

Gain insights, build partnerships, and connect with the global life sciences community.
